HSC-State Board

**Sri Vijay Vidyalyaya Hr. Sec School**

2018-2019

**66%**

SSLC-State Board

**Royal Matric School**

2016-2017

**92.6%**

## SKILLSETS

- React.js
- JavaScript
- HTML & CSS
- Redux
- MySQL
- Responsive Web Design
- Git & Version Control
- Java

## CERTIFICATION

Completed Java, HTML, CSS,  
JavaScript and React JS certification  
at Besant Technologies.

## SOFT SKILLS

- Self-assured
- Time Management
- Team-building
- Adaptable

## IT PROFICIENCY:

### Frontend Development

#### Frontend

- Proficient in **React.js**, with a solid understanding of component-based architecture, **hooks**, and state management.
- Experience in implementing responsive designs and optimizing **user experiences** across devices.

#### Backend

- Basic knowledge of **REST API** development and integration using Java and Node.js.

#### Database

- Proficient in **SQL** and RDBMS concepts, with experience in creating and managing databases using MySQL.

## LIVE PROJECT

### Shopeasey Ecommerce Website

Technologies used: **React.js, SCSS, Redux, JavaScript**

- Designed and refined the **product card** for the Shopeasey webpage to enhance its layout and **visual appeal**.
- Worked on the **admin panel** for the Shopeasey website, including components for managing **categories, coupons, and vendors**.

### Ecommerce website

Technologies used: **React, Redux, JavaScript**

- Navigation, pagination, and cart page functionality are implemented, respectively, with **react-router-Dom** and the state management tool **Redux**.
- Incorporated **responsive design** principles to ensure seamless user interaction across various devices and screen sizes.

## INTERNSHIP EXPERIENCE

### React.js Intern

**Avanexa Technologies | May 2024 - August 2024**

- Worked on **real-world projects**, enhancing user interfaces with React.js, focusing on **performance optimization** and responsive design.
- Collaborated with the **Backend team** to integrate **APIs** and manage application state effectively.
